- Flight Review — valid through August 2027

FLIGHT TIME SUMMARY

Total Flight Time	381.2	Pilot in Command (PIC)	262.7
Cross-Country	110.6	Night	37.8
Actual Instrument	5.4	Simulated Instrument	98.8
Total Instrument	104.2	Multi-Engine	30.1
Single-Engine	351.1	Complex	59.2
High Performance	34.8	Retractable Gear	56.8
TAA	74.9	Total Landings	601
Total Flights	207	ASEL PIC	259.9
AMEL PIC	2.8	AMEL Total	30.1

AIRCRAFT FLOWN — 7 TYPES

Aircraft	Type	Hours
Cessna 172 Skyhawk	SE Piston	311.7
Rockwell Commander 114A	SE Complex/HP	29.1
Piper Seminole (PA-44)	ME Piston	20.0
Piper Seneca (PA-34)	ME Piston	7.7
Piper Cherokee (PA-28)	SE Piston	7.0
Cessna 182 Skylane	SE HP	3.3
Piper Aztec (PA-27)	ME Piston	2.4

PROFESSIONAL EXPERIENCE

Commercial Pilot — Time Building | Self-directed | November 2024 – Present

- Building flight hours toward Part 135 and ATP thresholds with emphasis on XC, instrument proficiency, and multi-engine readiness.
- Current in complex/high-performance Rockwell Commander 114A operations and light-twin training background.
- Planning and executing conservative cross-country and IFR operations from California Central Valley airports.

General Manager | Car Plus — Merced, CA | September 2017 – Present

- Manage sales, finance, service, customer relations, vendors, P&L, compliance, and a small team.
- 20+ years of automotive operations leadership, decision-making, and customer-facing execution under pressure.

EDUCATION & FLIGHT TRAINING

- Skywarrior Flight Training — Pensacola, FL: Private Pilot, Instrument Rating, Commercial Certificate, Multi-Engine Add-On.
- University of Nevada, Reno — BS General Studies, Minor in Information Systems.
- Liberty University — Graduate Certificate, Management & Leadership.
